payment  
reconciliation
-   
Business  
Intelligence
-   
Auditing and  
built-in policy  
compliance
-   
Risk  
management

## Innovate for a simpler experience

SAP Concur enables you to bring your **travel and expense** processes together on a **single platform**, dynamically enforcing **compliance** within your travel and expense policies while also improving **employee productivity**.

## Grow and save, even faster

With SAP Concur, you will **reduce the burden of manual processes** load or semi-automated processing and thereby create more time for activities that add value to your business. The budget functionality will also help you **save on employee expenses** before the spend occurs. Finally, Concur will **integrate your company policy and processes** to ensure internal and regulatory compliance is met.

## And the predicted results?

-   
Up to  
**60%**  
less time spent  
**validating expenditures**
-   
Up to  
**70%**  
less spent on  
**administrative costs**  
(monitor, audit, pay)
-   
Up to  
**40%**  
less spent on  
non-compliant **travel  
and expense** spend

## How can SAP Concur help me reach my specific goal?

### Employee experience

SAP Concur quickly and easily automates your employee travel and expense procedures to keep teams productive and focussed on value-added responsibilities. The intuitive user experience makes every day easier, simpler and quite simply a pleasure to work with for all employees, regardless of whether they are in the office, on the road or working remotely.

## SAP Concur will help you:

-   
**Increase employee  
satisfaction levels**
-   
**Enhance employee duty of  
care and safety**
-   
**Improve value add  
productivity**
